

Kindergarten Baseline Screening Dates

At Stapleton we conduct a baseline screening at the beginning of each year to better meet every student's needs. The screening will be held at the school and it is imperative that your child attends one of the screening sessions. Please choose a session in which the letters of your child's last name is included. **Please bring in a small, recent picture of your child** (copies are fine) to the screening. Please allow **45 minutes to one hour** to complete the screening. We look forward to meeting you there!
